

Child Welfare League of America
Presents:

Groundbreaking Interventions: Working with Traumatized Children and Families in Foster Care and Adoption PART II

Speaker: Jeanette Yoffe, M.A., MFT

Due to the tremendous response following Jeanette's first presentation, we are pleased to offer a second opportunity with even more "hands on" techniques and new and imaginative ways of working with traumatized children in foster care and adoption. Through this experiential workshop, participants will be provided with a wide variety of play-based methodologies and interventions that have been successful in working with children over the age of five. Participants will learn structured treatment activities, view examples, and receive a detailed handout explaining the goals of each treatment, materials needed, and the "how to approach" for each methodology. Workshop is recommended for professionals working in the mental health field. These interventions are best applicable for children ages 5 to 17.

When: Tuesday, September 25th 2007

9:00am to 12:00pm

Registration begins at 8:45am

Where: Electric Lodge

1416 Electric Ave
